### In-area postcode list:

To avoid scrolling down the long list, you may prefer to search for your postcode using the 'find box' on your PDF reader (entering a space between the two parts of your postcode, as in the list). For some PDF readers (eg Adobe) the find box will appear by right clicking on this page.

Nb. If your postcode has only recently been created - typically for a new housing development - it may not have reached the list yet.
